

SPECIAL CONDITIONS

CONTENTS

These conditions amplify and supplement, if necessary, the general conditions governing the contract. Unless the special conditions provide otherwise, those general conditions remain fully applicable. The numbering of the articles of the special conditions is not consecutive but follows the numbering of the articles of the general conditions. In exceptional cases, and with the authorisation of the appropriate Commission departments, other clauses may be added to cover specific situations.

Article 2 Language of the contract

2.1 The language used shall be English.

Article 4 Communications

4.1 Any written communication relating to this Contract between the Contracting Authority and/or the Gaziantep Metropolitan Municipality, on the one hand, and the Contractor on the other must state the Contract title and identification number, and must be sent by post, fax, e-mail or by hand.

For the Contracting Authority:

Name:	Ms. Tijen İĞCİ, PhD
Address:	Hakkı Turaylıç Caddesi No: 5 B Blok Kat: 10 06490 Emek, Çankaya, Ankara, Türkiye
Telephone:	+90 312 203 22 69
Fax:	+90 312 203 19 13
e-mail:	euclid@uab.gov.tr

For the Contractor:

Name:	
Address:	
Telephone:	
Fax:	
e-mail:	

4.2 An electronic system will be used by the contracting authority and the contractor for all stages of implementation including, inter alia, management of the contract (amendments and administrative orders), reporting (including reporting on results) and payments. The contractor will be required to register in and use the

appropriate electronic exchange system to allow for the e-management of the contract.

The electronic management of the contract through the aforementioned system may commence on the date on which implementation of the contract starts, as described in Article 18 below, or at a later date. In the latter case, the contracting authority will inform the contractor in writing that he will be required to use the electronic system for all communications within a maximum period of 3 months.

Article 7 Supply of documents

- 7.6 Documents to be provided by the Contractor are defined in the Technical Specifications. The Contracting Authority shall provide approval of the documents.

Article 8 Assistance with local regulations

Within one month of the commencement of the Contract, the Contractor shall contact the Contracting Authority in order to receive information about the Customs procedures, Tax exemption procedures, stamp or registration duties or any other charge having equivalent effect.

Article 9 General obligations

- 9.9 The Contractor must take the necessary measures to ensure the visibility and communication of the EU financed project and the impact, and in addition, the financial cooperation between Türkiye and the EU. Such measures must be in accordance with the applicable rules on the visibility of external action laid down and published by the Commission in 2022. These rules are set out in the Communication and Visibility Manual for External Actions available from the EuropeAid website at https://international-partnerships.ec.europa.eu/knowledge-hub/communicating-and-raising-eu-visibility-guidance-external-actions_en.

The contractor must also follow the visibility rules set out in the visibility guideline of the Delegation of the European Union to Türkiye which is available at https://www.eeas.europa.eu/delegations/t%C3%BCrkiye/visibility-guidelines-clarification-2022-guidelines-communicating-and-raising-eu-visibility_en

The content of the label shall minimum comprise the following items as below:

Co-funded by the European Union
Avrupa Birliđi tarafından eş-finanse edilmektedir.

Instrument for Pre-Accession Assistance (IPA II)
Sectoral Operational Programme for Transport (SOPT)
Supply of Equipment for Sustainable Urban Mobility Strategy for Gaziantep

Avrupa Birliđi Katkısı (%85) ve Ulusal Katkı (%15) ile alınmıştır
Purchased by the EU Contribution (85%) and National Contribution (15%)

Article 10 Origin

- 10.1 All goods purchased must originate in an eligible source country as defined in Instrument for Pre-Accession Assistance II (IPA II). For these purposes, ‘origin’ means the place where the goods are mined, grown, produced or manufactured. The origin of the goods must be determined according to the EU Customs Code or to the relevant international agreement applicable.

All supplies under Lot 4 may originate in any country.

Article 11 Performance guarantee

- 11.1 The amount of the performance guarantee shall be 10 % of the total contract price, including any amounts stipulated in addenda to the contract.

Article 12 Liabilities and insurance

12.2(b), paragraph 2 The Incoterm applicable shall be DDP:

DDP - Delivered Duty Paid: Incoterm which imposes on the seller maximum obligations vis-à-vis transportation and loss risks and damage associated with the goods:

‘the seller delivers the goods when the goods are placed at the disposal of the buyer, cleared for import on the arriving means of transport ready for unloading at the named place of destination. The seller bears all the costs and risks involved in bringing the goods to the place of destination and has an obligation to clear the goods not only for export but also for import, to pay any duty for both export and import and to carry out all customs formalities.’¹ The transfer of risks and costs occurs at the place of unloading of the goods at the agreed place of destination.

Article 13 Programme of implementation of tasks

- 13.2 The contractor shall submit to the Contracting Authority for approval, copied to Gaziantep Metropolitan Municipality within 14 days from the date of signature of the Contract, accurate and detailed programme of implementation of tasks as stipulated in Article 13.1 of the General Conditions. The programme should show, latest dates for: completion of manufacture, shipping, custom clearance (if applicable), arrival at place of delivery, completion of installation, commissioning and acceptance at the required locations.

The Contracting Authority shall make comments and/or objections concerning the Programme within 7 calendar days of their submission. It shall be considered

¹ See <http://www.iccwbo.org/incoterms/>

that all those comments and/or objections are accepted by the contractor, if he should not contradict them in writing, either by registered letter, or fax sent to the Contracting Authority, within 7 calendar days of their receipt. In the absence of any comments and/or objections by the Contracting Authority within 7 calendar days the Programme is deemed to be approved.

Article 14 Contractor's drawings

14.1 The contractor shall submit to the Contracting Authority for approval:

Design for:

Lot 1 - Traffic management system equipment

- **The concept design** and colours of the Item 1.14;
- **The detailed design** of Item 1.14 in DWG and PDF format within 20 days after the commencement;
- **As-built design** of Item 1.14 in DWG and PDF format after issuance of the Provisional Acceptance;

The contractor is required to obtain the necessary permits (Construction Permits, Occupancy Permit, any other) from the relevant authorities at his own cost.

Lot 5 - Electric bus and charging station:

- **The concept design** of the Items 5.1 and 5.2 in DWG and PDF format;
- **The detailed design** of Items 5.1 and 5.2 in DWG and PDF format;
- **As-built design** of Items 5.1 and 5.2 in DWG and PDF format after issuance of the Provisional Acceptance.

Article 18 Commencement order

18.1 The contracting authority shall inform the contractor by administrative order of the date on which implementation of the tasks shall begin.

Article 19 Period of implementation of the tasks

19.1

Lot 1: Traffic management system equipment

For Items 1.1 to 1.11: The implementation period will last 150 calendar days:

Starting from the commencement of the Contract and ending on the day of issuance of Provisional Acceptance Certificate, the implementation period will include:

- Delivery and installation to designated location, unpacking, assembling and removal of packing materials from site within 90 calendar days,
- Commissioning and training within 30 calendar days,
- Issuance of Provisional Acceptance Certificate within 30 calendar days.

Items 1.1 to 1.11 should function in integrated way as a system.

For Items 1.12 to 1.16: The implementation period will last 180 calendar days.

Starting from the commencement of the Contract and ending on the day of issuance of Provisional Acceptance Certificate, the implementation period will include:

- the detailed design shall be provided by the contractor within 20 calendar days after the commencement,
- the Contracting Authority will confirm detail design within 10 calendar days,
- delivery and installation including unloading, furnishing to designated location, unpacking, assembling and connection to main supply and removal of packing materials from site within 90 calendar days,
- commissioning and training within 30 calendar days,
- issuance of Provisional Acceptance Certificate within 30 calendar days.

Lot 2: Sensors

The implementation period will last 150 calendar days:

Starting from the commencement of the Contract and ending on the day of issuance of Provisional Acceptance Certificate, the implementation period will include:

- Delivery and installation to designated location, unpacking, assembling and removal of packing materials from site within 90 calendar days,
- Commissioning and training within 30 calendar days,
- Issuance of Provisional Acceptance Certificate within 30 calendar days.

Lot 3: Parking management system

The implementation period will last 180 calendar days:

Starting from the commencement of the Contract and ending on the day of issuance of Provisional Acceptance Certificate, the implementation period will include:

- Delivery and installation to designated location, unpacking, assembling and removal of packing materials from site within 120 calendar days,
- Commissioning and training within 30 calendar days,
- Issuance of Provisional Acceptance Certificate within 30 calendar days.

Lot 4: IT equipment

The implementation period will last 120 calendar days:

- delivery and installation including unloading, furnishing to designated location, unpacking, assembling and connection to main supply and removal of packing materials from site within 60 calendar days,
- commissioning and training within 30 calendar days,
- issuance of Provisional Acceptance Certificate within 30 calendar days.

Lot 5: Electric bus and charging station

The implementation period will last 330 calendar days.

Starting from the commencement of the Contract and ending on the day of issuance of Provisional Acceptance Certificate. The implementation period will include:

- the detailed design shall be provided by the contractor within 50 calendar days after the commencement,
- the Contracting Authority will confirm detail design within 10 calendar days,
- delivery and installation including unloading, furnishing to designated location, unpacking, assembling and connection to main supply and removal of packing materials from site within 240 calendar days including commissioning and training within 30 calendar days,
- issuance of Provisional Acceptance Certificate within 30 calendar days.

Article 25 Inspection and testing

25.1 The inspection and testing on completion prior to the Provisional Acceptance will take place at the location where the supplies are delivered and installed.

All accidents or mishaps that can occur during inspection and testing due to faulty manufacture and functioning of the supplies shall be responsibility of the contractor.

For all lots:

During the inspection and testing, the required functions and technical performances, according to the technical specifications and the technical documentation shall be verified.

Full installation and commissioning shall be borne by the contractor according to following specifications (minimum):

- The contractor shall test the functionality of each component and the functionality of the system as a whole.
- The system shall be tested while all components are in use at the same time.
- The contractor shall test the system for 30 days for different problems such as electrical failures, GPS signal cut off and other relevant. No provisional acceptance can be issued if any problem is detected at the end of this period.
- The contractor shall perform load, stress, performance and penetration tests for software and applications.
- The contractor shall provide documentary evidence of test results to be submitted to the Contracting Authority prior to acceptance.

At least 2 weeks before the inspection and testing, the contractor shall inform the Contracting Authority and Gaziantep Metropolitan Municipality about the schedule for inspection and testing procedures. Gaziantep Metropolitan Municipality shall be present and shall follow the whole inspection and testing.

The Contractor shall carry out Tests on Completion / trial operation(s) to confirm proper functioning and required capacity / performance of installed supplies to satisfaction of Gaziantep Metropolitan Municipality and the Contracting Authority.

No Provisional Acceptance certificate can be issued by the Contracting Authority without supplies passing tests on completion.

The Contracting Authority might execute controls individually and/or by means of experts to be charged by it during any stage of the installation and commissioning. The contractor shall cooperate, provide any documents requested and answer any questions posed during these controls.

Article 26 General principles for payments

26.1 Payments shall be made in euros.

Payments shall be authorised and made by Ministry of Transport and Infrastructure, Directorate General for European Union Affairs and Foreign Relations, Department of European Union Investments, with its office at Hakkı Turaylıç Cad. No.5, B Blok, Kat: 10, 06490 Emek Çankaya, Ankara, Türkiye.

26.3 By derogation, the final payment to the contractor of the amounts due shall be made within 90 days after receipt by the contracting authority of an invoice and of the application for the certificate of provisional acceptance.

26.5 In order to obtain payments, the contractor must forward to the authority referred to in paragraph 26.1 above:

- a) For the 40% pre-financing, the pre-financing guarantee.
- b) For the 60 % balance, the invoice(s) in triplicate together with the request for provisional acceptance of the supplies.

Article 28 Delayed payments

28.2 By derogation from Article 28.2 of the general conditions, once the deadline laid down in Article 26.3 has expired, the contractor shall, upon demand, be entitled to late-payment interest at the rate and for the period mentioned in the general conditions. The demand must be submitted within two months of receiving late payment.

Article 29 Delivery

29.3 The packaging shall become the property of the recipient subject to environmental considerations.

29.5/6/7 The documents which have to accompany the delivery include:

- a) A detailed packing list identifying the contents of each package.
- b) Transport document (e.g. bill of lading, airway bill/CMR/seaway bill, commercial invoice, packaging list, insurance proof/certificate, delivery notes (as applicable)) which includes the name and address of the consignor and consignee, the description of the goods to be transported, the quantity for each of the commodities, and the commodity class and rate.
- c) Technical documentation/operating instructions and all necessary documents such as operating and maintenance manuals, drawings, material certificates, conformity certificates, certificates of origin, as specified in the Technical Specifications (Annex II).
- d) Statement drawn up by the Contractor which must attest that the delivered goods are new, in working order and compliant with all technical specifications of the Tender dossier. This statement must use the following wording:

“<Full official name of Contractor> attests that the delivered goods are new, in working order and compliant with all technical specifications of the Tender dossier.”

A copy of signed Statement must be provided to the Contracting Authority.

Each case/package shall be clearly marked on the sides with “Handle with care”, “Right side up”, etc. together with international symbols according to the different characteristics and requirements for transportation, loading, unloading of the supplies if necessary. In case packing includes waterproof barriers, packages shall bear the mention: “DO NOT OPEN – WATERPROOF BARRIER/ LÜTFEN AÇMAYINIZ – SU YALITIM BARİYERİ” in red characters.

Packages shall identify, through respective markings on the outside and/or possibly in conjunction with an accompanying packing slip, the content of the package. A packing slip in the inside of the package shall identify the content of the package.

The package should bear the following identification:

Co-funded by the European Union
Avrupa Birliği tarafından eş-finanse edilmektedir.

Contract Title: insert contract title

Identification number: insert publication reference

Visibility mark: Supported by the European Union

(Lot number)

(Number and Description of Item in accordance with the Technical Specification)

(Address of the place of delivery)

Article 31 Provisional acceptance

The certificate of provisional acceptance must be issued using the template in Annex C11. The contractor shall deliver to the Contracting Authority, together with the request for provisional acceptance, 3 copies of the Provisional Acceptance Certificate signed by the contractor, as well as the Certificate of Origin for all delivered supplies.

The request for provisional acceptance to the Contracting Authority should take place before the deadline specified in Programme of implementation of tasks. The Provisional Acceptance Certificate shall be issued by the Contracting Authority as stipulated in Article 31 of the General Conditions.

Article 32 Warranty obligations

- 32.6 The goods shall be accompanied by a warranty pursuant to the provisions of the 07/11/2013 dated and 6502 numbered Turkish Law on Consumer Rights and relevant regulations (if applicable).

The contractor must provide or secure the provision of a reliable warranty guaranteeing maintenance and the parts replenishment for 1 (one) year after provisional acceptance.

Apart from the warranty provided by the contractor, unless stated otherwise in Article 32.7 all the equipment must have at least 2 (two) years of commercial warranty in accordance with the provisions of the 07/11/2013 dated and 6502 numbered Turkish Law on Consumer Rights and relevant regulations.

- 32.7 For Lot 5, The contractor must provide at least 5 years warranty for all items. Mileage warranty within 5 years shall be minimum 350 km / day per full charge tested under SORT 2 test conditions while HVAC is turned off and minimum 200 km / day per full charge tested under SORT 2 test conditions while HVAC is turned on. Charging units must have minimum 2 years commercial warranty. The batteries must have minimum 5 years of commercial warranty which shall ensure 80% maintained state of charge, the contractor shall submit the warranty document.

Article 33 After-sales service

- 33.1 After sales support services and spare parts will be available pursuant to provisions of the 07/11/2013 dated and 6502 numbered Turkish Law on Consumer Rights and relevant regulations (if applicable).

For Lot 5, The Contractor must provide original authorized after-sales and warranty services directly provided by producer, Türkiye distributor or authorized seller of the vehicles and equipment offered, including spare parts for specified warranty period.

During the warranty period, all scheduled maintenance, consumable replacements, and repair services for the Item 5.1 and 5.2 shall be performed by the contractor's technical team at GMM's workshop or authorized service center. All spare parts used for repair and maintenance services shall be original parts compatible with the Item 5.1 and Item 5.2.

All maintenance and repair operations (excluding tire operation) of the Item 5.1 and Item 5.2 are the responsibility of the contractor during the warranty period.

The contractor shall confirm the availability of all of required Spare Parts and Special Tools for 10 years. The contractor shall confirm that the Spare Parts and Special Tools shall be of the same type and quality as the original parts provided.

Article 40 Settlement of disputes

- 40.4 Any disputes arising out of or relating to this contract which cannot be settled otherwise shall be referred to the exclusive jurisdiction of Courts of Ankara, Türkiye in accordance with the national legislation of the state of the contracting authority.

Article 44 Data protection

1. Processing of personal data related to the implementation of the contract by the contracting authority takes place in accordance with the national legislation of the state of the contracting authority and with the provisions of the respective financing agreement.

2. To the extent that the contract covers an action financed by the European Union, the Contracting Authority may share communications related to the implementation of the contract, with the European Commission. These exchanges shall be made to the Commission, solely for the purpose of allowing the latter to exercise its rights and obligations under the applicable legislative framework and under the financing agreement with the Partner country – contracting authority. The exchanges may involve transfers of personal data (such as names, contact details, signatures and CVs) of natural persons involved in the implementation of the contract (such as contractors, staff, experts, trainees, subcontractors, insurers, guarantors, auditors and legal counsel). In cases where the contractor is processing personal data in the context of the implementation of the contract, he/she shall accordingly inform the data subjects of the possible transmission of their data to the Commission. When personal data is transmitted to the Commission, the latter processes them in accordance with Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC¹ and as detailed in the specific privacy statement published at PRAG.
